Summer Edition 2015

Life is not measured by the breaths we take But by the moments that take our breath away.

Maya Angelou

From the President's desk

The above quote is one of my favorites. It reminds me that we all have had moments that took our breath away.

Hopefully you will continue to have many happy special moments in your lives.

Our executive has been busy in the last month. We have planned a number of activities for the upcoming year.

We have a dinner planned at the Homestyle restaurant in Waterloo on June 10th. The executive will be there and some of the office staff from Kitchener plant will be attending as well. If you wish to join us email or call Gail Bourhill no later than June 3rd. gailbour@hotmail.com or 519-208-9427.

Our annual golf tournament is scheduled for June 24th at the Brookfield golf club. There is a form in this newsletter to be filled out by June 16th if you are attending. If we have enough interest we will hold a second tournament in late August.

We are also planning a reunion with the part time clerks for the fall.

Our Northern area dinner and dance will be held in September at Tommy Dees. More information will be in our next newsletter.

This year we are planning a bus trip to Brantford on November 24th to see the Walters Family Christmas show. We will have 25 to 30 tickets only for this show. If you are interested we will have to know by August. If you think this is a definite interest for you please email or call Gail Bourhill. More information will be out in our next newsletter. The cost with the show and bus would be about \$50.00. Tickets will be handed out on a first come first serve basis.

For Your Funny Bone

New definition for S.O.S.

A C-130 was lumbering along when a cocky F-16 flashed by.

The jet jockey decided to show off. The fighter jock told the C-130 pilot, 'watch this!' and promptly went into a barrel roll followed by a steep climb.

He then finished with a sonic boom as he broke the sound barrier. The F-16 pilot asked the C-130 pilot what he thought of that.

The C-130 pilot said, 'That was impressive, but watch this!' The C-130 droned along for about 5 minutes and then the C-130 pilot came back on and said: 'What did you think of that?'

Puzzled, the F-16 pilot asked, 'What the heck did you do?' The C-130 pilot chuckled. 'I stood up, stretched my legs, walked to the back, went to the washroom, and then got a cup of coffee and a cinnamon roll.'

When you are young & foolish - speed & flash may seem a good thing! When you get older & smarter - comfort & dull is not such a bad thing! Us older folks understand this one, it's called

S.O.S. = Slower, Older and Smarter....

An elderly man was stopped by the police around 2 a.m. and was asked where he was going at that time of night.

The man replied, "I'm on my way to a lecture about alcohol abuse and the effects it has on the human body, as well as smoking and staying out late."

The officer then asked, "Really? Who's giving that lecture at this time of night?" The man replied, "That would be my wife."
