

2018 Heritage Club Scholarship Winners

The inaugural year of our new Scholarship Program was very successful. We saw three scholarships of \$1,000.00 each awarded to three remarkable young women, and we wish them all every success in their university years and beyond. What was most impressive about all of these recipients was their ability to achieve high academic standards while still enthusiastically participating in their chosen sports activities, volunteering in their communities, and taking on responsible positions for the benefit of others. Their initiative is to be applauded, and we're so happy to be able to help them on their way. In no particular order, here is a little of their stories.

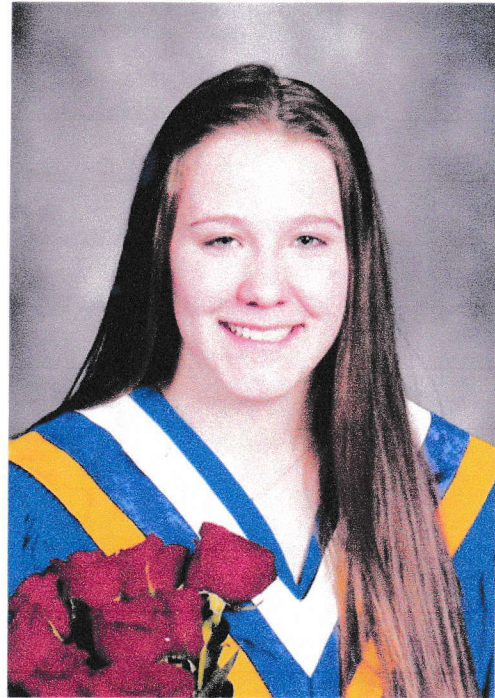

All three of these young ladies are a credit to their families and their communities. It is our very great pleasure as a Club to be able to give them a small boost on their chosen paths. Congratulations to all, and we wish you every success in the future.

Hannah Ronsky

Hannah Ronsky, of Calgary AB, is the granddaughter of Parkland member **Nick Ronsky**. She is a successful student who keeps her scholastic standards high while participating in and initiating numerous volunteer activities. Hannah founded a charitable organization called Goooals for Kids in 2010, and has succeeded in collecting and distributing large quantities of soccer gear and school supplies for needy school children in Belize. When faced with injuries which prevented her from playing her beloved soccer herself, she didn't despair. Instead she rose above injury to embrace coaching and immersed herself in the Sports Medicine program in her high school, achieving great success there. Hannah will be attending the University of Calgary, where she intends to further her studies in sports medicine.
