Ronnie and Dee – “come with us to Africa May 1 to May 14 2017”

Here are reviews from some of our guests who came with us to Africa this year:

“The tour was wonderful. Our time in Cape Town was so well-orchestrated, with a perfect balance of touring time and time on our own. Ronnie & Dee kept our group on track without feeling we were being 'rounded up'. When weather forced a change in the schedule we really appreciated the extra effort it took to get us up Table Mountain before leaving for Johannesburg. Thanks to their planning and expertise, the travel plans to Johannesburg, Victoria Falls and Botswana, seemed to happen without a hitch. We appreciated the care Ronnie & Dee took in choosing them with an eye to sharing their own experience of Africa. The safaris were an adventure of a life-time and each one of them was different. It was an unforgettable experience of being in the wilds yet the hospitality and warmth of the guides and staff made us not want to leave.

I'm writing this and feeling as if I want to go back and do it all over again. The reason for this sense of perfection is thanks to Ronnie & Dee. Several times they mentioned that they enjoyed seeing Africa through our eyes, but I think it's also the reverse. The experiences they shared with our group allowed us to see Africa through their eyes. It was their personal attention and relaxed and friendly ways, combined with their experience and expertise that made our tour such an unforgettable trip. Our thanks and appreciation to them, always”.

“In one word our trip to Africa was ‘marvellous’. Having Ronnie & Dee, as our guides made all the difference, as I do not think we would have entertained the idea of going half way round the world on our own. Their company Expedia Cruiseshipcenters really did everything down to the smallest detail, and more. We had to pinch ourselves several times whilst in Botswana on safari to remind ourselves just where in the world we were! Such an honour and privilege to see the animals in their natural surroundings, the local guides and trackers were very knowledgeable. I found myself quite teary on more than one occasion. In fact I would say that all of our group at some time during the trip felt the same way. It was a trip of a lifetime for us, and we were delighted that Ronnie and Dee were our South African guides. We felt so safe with them taking care of us. They certainly know their country, which we also came to love”.

I have recently returned from the trip of a lifetime! I travelled with Ron and Dee of Expedia Cruiseshipcenters in Nanaimo. What a fabulous trip. Some highlights – flying into our jungle camp, so thrilling to go out on trucks searching for game. And game we did see - hippos, giraffes, zebras, cape buffalo, wildebeest, wild boars. The biggest thrill was when we saw the Big cats. A leopard up the tree with her fresh kill, the lions wandering around and the ultimate was the lionesses and their cubs laying in the grass. What a sight to behold!! We spent 2 weeks in the jungle and truly enjoyed every minute of it. Never were we ever in any danger nor feel threatened by the animals. What a true life adventure!!!

Ronnie & Dee, Thank you so much for hosting our trip to Africa. It was an amazing experience! And your knowledge of the places we visited made it all the more rewarding. We did it all! - from the wine tours in Cape Town to the bush camps in Botswana, and so much more! The safaris you chose for us were the best! – I couldn't believe how close we could get to the animals, and we saw so very many! Who could ever forget the enchantment of the "sundowners" and fine dining in the bush for lunch. This journey has certainly been a highlight in my life and I am so glad to have shared it with you and our delightful group of 12.
