## **Points of Interest**

### **JOHNSON INSURANCE**

Every auto customer is getting a rebate.

Being by your side has never meant more than the situation we find ourselves in today. It's times like this where we lean on our 140-year legacy of being a good friend to customers through the tough times in their lives.

To further assist you in this time of need we are happy to share the next part of our customer care program.

Through the AUTOMATIC Rebate all car insurance customers with an active policy on May 22<sup>nd</sup> will automatically receive a 10% reduction in their car insurance premium for the months of April, May and June.

No action is needed by customers and you do not need to contact us. Our system will automatically apply the reduction to your premium, and the majority of rebates will be reflected in automatic deductions starting June. (Note: This benefit is not available to customers in Quebec, separate relief plans are in place).

Should you have any questions or require more information on our Customer Care Program, please visit [johnson.ca/coronavirus](http://johnson.ca/coronavirus).

This page contains helpful information, including a chat feature for quick questions and an extensive home, car and travel FAQ section.

### **A POSTAL SERVICE STORY**

As with many other tourist attractions, the Corona Virus Pandemic has closed the West Coast Railway Park in Squamish, B.C.

This closure has provided an opportunity to refurbish the exterior of the Railway Mail Car with a more permanent coat of paint.

Since Van Fraser Heritage members assumed the responsibility for maintaining the Railway Mail Car in 1989 they have worked on the car twice a year. This often included climbing onto the roof of the car, at some risk, to sand and paint. The winter weather would beat away the paint and the process would need to be repeated each spring.

This year's closure allowed the car to be moved to the CNR workshop across from the park where it could be worked on inside.

Railway Mail Car 3704 will now be on display in the Interior Hall alongside the fabled Royal Hudson. West Coast Railway Park is scheduled to open to the public on July 1/20.

Following a very successful restoration project of what may be the only Railway Mail Car left in Canada, the Vancouver Fraser Chapter of the Heritage Club has asked for our help in collecting any stories and experiences from former Railway Mail Clerks.

The information collected on the Railway Mail Service has primarily come down to us from old Canada Post publications. As the last Railway Mail Service ended in 1971, CPC employees who worked in this branch of the service are now getting on in years, and now would be the time to collect those stories and photos for posterity.

The first Railway Mail Cars appeared on Canadian railways in 1854 and were the first to be used in North America. Railway Mail Service revolutionized traditional mail transportation by increasing processing and delivery speeds and reaching remote and isolated communities.

Van-Fraser would appreciate if you could put the word out, if you know a former Railway Mail Clerk who would be kind enough to donate some anecdotes of their service or photos.

Any "Postie" or Rail fan visiting BC should not miss the West Coast Railway Park in Squamish, which houses this last remaining Railway Mail car, as well as other attractions like Canada's most beautiful steam locomotive, the Royal Hudson.
