

2025 Heritage Club Scholarship Winners

We are thrilled to announce the results of our 2025 Scholarship Program. Once again the judges have been pleased with the interest in our program and more than impressed with the quality of the candidates. All of our applicants have notable resumes, and as always the choice has come down to the smallest of details. We offer our congratulations to all of our candidates, and particularly to these three individuals as they pursue their studies and move forward in their chosen career paths. Wherever they go, they will be a true asset to their communities. At this time we would like to also acknowledge the invaluable contribution of our judging committee, who each year sacrifice a portion of their summer to make this program a possibility. Thank you to all who have participated over the past eight years.

Liam Cull

Liam Cull is the grandson of Terra Nova member Freeman Cull, and hails from Roddickton, NL. Those who believe that opportunities are limited for residents in smaller communities haven't reckoned with Liam Cull. With an academic average of 99% - impressive enough on its own – Liam is an integral part of everything happening in his community. His achievements include Student of the Year, Volunteer of the Year, Male Athlete of the Year, as well as scholarship, academic and merit awards, all while working part-time and tutoring younger students. He plays and coaches multiple sports. His reference letters from school

and municipal representatives speak highly of the huge contribution that he has made to his community through his volunteer efforts. Liam has chosen nursing as his career, and as he enters Memorial University to pursue those studies, we are confident that his patients, his community, and his province will all be better because of his participation. Good luck, Liam, and congratulations on everything you have achieved so far.

Sidney Metcalf

Sidney Metcalf is the granddaughter of Stewart Metcalf, longtime member of Thames Chapter. Sidney is an exemplary candidate who has combined high academic achievement with volunteer activities in her school and community, playing and coaching basketball, and carrying a part-time job through her final year of high school. All of these experiences have defined her can-do attitude, which she recognizes has added immensely to her personal growth. She is also grounded enough to realize that self care is also invaluable to a healthy lifestyle, and is careful to address that with activities to enhance her personal wellbeing. Sidney will be entering King's University College to study Social Science, and we believe that she has every chance of being a very successful student. Congratulations, and good luck, Sidney!

Henri Roy

Henri Roy is the grandson of Russell Hart, member of Brunswick/Abegweit Chapter. Henri has maintained an average of mid-90's throughout high school, with a particular interest and aptitude for mathematics. He has won numerous math competitions. Henri also has 12 years of classical violin studies. He is invested in community sports activities, having played and coached soccer and started a basketball club for the francophone students in his area. His efforts in this area have expanded to now include a senior basketball club. His volunteer efforts in the community also include innovative ideas to raise funds for Ukrainian relief funds. Henri will be entering Queen's University to pursue a career in engineering. We trust that this scholarship will assist him in the pursuit of those goals. You've made a great start, Henri. Congratulations, and good luck!
